List of Images

It has been argued that most, if not all, of the images in this study were known to the public in reproduced as well as original form. To be consistent with this, they are listed as illustrative works, except where they have been specifically referred to as fine art works. Where this thesis has referred to one image in both its original and reproduced form, details of the original follow in brackets after each entry.

"AT THE FIRESIDE.

"At twilight by the fire-
 side's cheer,
 My little Margaret sits
 beside me,
 And tells me full of
 things that were
 When I was little just
 just like her.

"Ah, little Margaret,
 touch the string
 of sweetest memories,
 And heart and heart
 dash all together
 With ruddy tints of
 long ago.

"I sit my father's side
 all,
 Youngest of all who
 circle it,
 And my blue tell me
 what did be
 When he was little
 just like me."
